BOY TRAMP SHOOTS WITH DEADLY AIM

Farmington, Oct. 15 .- S. Faneto, young Japanese gardner, was shot in the head at 7:40 o'clock this evening by a boy tramp who, with a companion, had just held the Japanese up at his home in Farmington. The Japanese may die.

Faneto was washing his hands out side his cabin, which is a few rods south of the Oregon Short Line depot, when two rough looking men appeared and ordered him to throw up his hands. The Japanese obeyed and the older of the two men entered the cabin, ransacking it. He then went through Faneto's clothing in search of money and valuables and finding nothing of value, he told his boy com-panion to kill the Japanese because The didn't have anything worth having." The boy fired and the bullet struck the Japanese above the right ear, taking an upward course and

emerging near the right temple.

Shortly afterwards the two tramps boarded passenger train No. 38 for Salt Lake, riding the blind baggage The wounded Japanese walked to the Greek bunkhouse, 100 yards distant, and told the story of the holdup be fore losing consciousness. He was lat er removed to the Kayesville hospital. The elder of the two hoboes had a black mustache, wore a gray suit of clothes and seemed to be about 25 years of age. The boy was about 14 years of age, was roughly dressed and

wore his cap well down over his eyes, The two were put off the train here this afternoon and had been hanging about waiting for an opportunity to ret out of town.

Two men, answering in practically every detail the description of the two assailants of Faneto, were ar-rested on State street at 9 o'clock Friday night by Patrolman George

Phillips. The officer put handcuffs on the older of the two, at which the younger dashed down the street, only to run into the arms of Patrolman C. C. Carstensen, who arrested him at the point of a revolver. At headquarters the older man gave is name as Dan Murphy and his age

as 20, while the younger man said he was John Kelly, aged 19 years. Shortly after their arrest, Chief Deputy Sheriff W. W. Ross of Farmington arrived at the city jail and said, from description given him. certain the two men were the guilty

Sen. Newlands Tells of the Menace on the Pacific

San Francisco, Oct. 15.—Secretary of the Navy Meyer, addressing the businessmen of this city at a banquet last night, advocated the abolishment of half the navy yards on the Atlantic coast. He congratulated the Pacific Coast, when half the navy two governcoast upon having only two government shipyards, urging that these may be brought to a greater degree of efficiency and made adequate to accommodate any sort of a fleet. He said that an effort would be made to expend \$1,000,000 in deepening the channel to Mare Island in order hat battleships and cruisers might reach the navy yard on any tide.

"I have inspected all of the navy yards on the Atlantic coast, from Maine to South Carolina, and I must say that we have too many yards on that side of the country," said Sec-

retary Meyer.
"Half of them should be abolished and will be if Washington will support me.

"I am in accord with the general movement on the Pacific coast for adequate naval protection, but I am of the opinion that the fleet ought not to be divided at this time. If Russia had not divided its fleet at Port Arthur there might be another story to tell in history."

Secretary George C. Perkins acted as toastmaster, and present at the table were Governor James N. Gillett, Mayor P. H. McCarthy, Congressmen Kahn and Knowland, Senator Newlands of Nevada, and many army and navy officers. Senator Newlands sounded a note of warning concerning the cityston in Pacific maters speak. the situation in Pacific waters, speaking directly of Japan as a menacing influence in affairs on this side of the continent and in the island poses-

The fleet, if it must be kept intact should be kept on the Pacific coast, he said. "If there is danger of war it is more on the Pacific side than on the Atlantic. On our Atlatic side we are faced by eight civilized na-tions. On our Pacific we are faced by nations not so highly civilized-nations that may not have the same self-restraint as the European powers and that might, through sheer reck lessness, precipitate themselves into war with the United States. We are faced by a country schooled in war eager to extend east and west for its swelling population, either by land

"We have in our unfortunate posses sion of the Phillppines a colony the spark of war may be ignited at any minute. If the navy is to be kept as a unit, I believe that it should be in the Pacific rather than in the At lantic

"I am surprised that, with our parations for the fortification of Pearl harbor, we are forced calmly to contemplate the menace of a hostile Japanese fleet in front of us and the mobilization of a Japanese army be-hind us. It must be remembered that a great part of the population of Ha-wall is Japanese.

"We should do all in our power to draw into Hawali immigrants from southern Europe and immigrants from the white race who would stand with us for defense and would not turn on our flag in case of a hostile demonstration by the greatest military pow-

ELECT OFFICERS OF FEDERATION

Provo, Oct. 14.-Promptly on the minute of adjournment, and with per-fect seas of business finished and laid by either for work of the various com-mittees or recorded as already aceomplished, the seventeenth annual convention of the Utah Federation of Women's clubs adjourned today. Of course, the main business was the election of officers, but this was not an excit'ng business, as it meant only the reinstating of the old officers with few exceptions, so as to hold ever still after the next biennial, which yill likely be held in Salt Lake. Mrs. C. H. McMahon still leads the federation as president, despite the fact that she urged her own release because she had been appointed a director of the general federation and felt that the

two offices should be separated. In accordance with the recommenda tions of the president, two new of ficers were added to the list, in the form of additional vice presidents. Mrs. A. J. Gorham of the P. E. O. and Joseph Merrill of the Authors club being elected to the offices These are really added for the press purpose of making preparations or Utah to entertain the federation which will mean a great deal of work for the executive officers. Mrs. Wynn L. Eddy of Heber City and Mrs. W. A. Willis of Brigham City were the new

directors. Aside from the election the most interesting part of today's program were the reports of the chairmen of standing committees, showing the real work accomplished by the federation through this avenue during the past Of the eleven committees rep resented, the reports from the health committee, the pure food and sanita-tion committee and the industrial committee were the most interesting.

LAND CLAIMANTS ARE INDICTED

WASHINGTON, Oct. 14.-After months of secret effort and patient waiting, officials of the general land office were able to announce today the indictment of a number of claimants to valuable lands in Alaska.

The entries involved number 154 and cover almost 2,000 acres of land, all of which lies in the Bering Strait district, in which the Cunningham claims are located. They are what are known as the English or Stracey and the Christopher Simmonds groups the former containing 80 and the lat ter 74 claims of 160 acres each. The deposits covered by these claims are believed to be as rich as those of the Cunningham claims, which cut a conspincuous figure in the Ballinger Pinchot controversy.

Indictments in U. S. Court. The indictments were handed down in the United States district court sit-ting at Tacoma, Wash., and the information that they had been returned was conveyed in two telegrams re ceived today by Commissioner Den-nett from Special Agent Christenson, in charge of Alaskan matters , to whose efforts the findings are espec ially due. The first telegram contained the announcement of the action against the English group and stated that indictments had been returned against C. F. Munday, A. H. Stracey, Archie W. Shields and E. E. Siegley.
